**Write a procedure on how you brush your teeth. Remember the materials you need and the steps.**

- Look at the medal tally from the Olympics and record how many gold, silver and bronze medals Australia has. Record and name the country with the most gold. What is the difference between that country and Australia?
- Design a new mascot for the 2016 Rio Olympic Games. What colour is it? Is it an animal?
- Practise playing a sport from the Olympics. Write down what sport you chose, what you enjoyed and what you found challenging.
- Use a piece of sporting equipment to make a beat. For example) bounce a ball for drums, use a tennis racquet for a guitar.
- With a parent or sibling complete the following and record your times. 10 star jumps 10 sit ups 10 ball bounces.
- Repeat it over the week and see if you can improve your time.
- Use recipes from a magazine to design your own healthy menu.

**Read a variety of recipes and record your favourite one in your book.**

- Measure the height of people in your family. Record their height using centimetres.
- Visit Art for kids Hub and practise your drawing skills. [www.artforkidshub.com](http://www.artforkidshub.com)
- Practise tying your shoe laces. How quickly can you do this? Can you improve your time? Record your time.
- Listen to the national anthems of different countries that are competing in the Olympic Games. Have you heard any of them before?
- Design a new sport that could be in the Olympics. What is it called? What equipment do you need? How do you play?
- Make your own Olympic Torch.

**Find articles in the newspaper from the Olympics and record two facts that you learnt.**

- List all the 3D shapes you know. Record their features. How many edges, corners, faces?
- Create a new water bottle design. How big is it? What colour is it?
- Follow a recipe and cook something for your family to eat. Ask them to give you a score out of 10 for taste and presentation. Ask your parent's permission first!
- Search for music played in Brazil, Rio. What type of music is it? Can you create a dance that matches the type of music?
- With a family member cut and paste a bowl of fruit salad from pictures of fruit from shopping catalogues.

**Instructions:** Children choose 1-3 tasks to do each week. Children please **colour in** each activity block on this sheet as you complete the selected task. Parents please initial task once completed. Homework is due every Monday during term 3.
